

Collecta ScreedBoard 28

High performance acoustic floor ideal for areas that require ceramic tile finishes

This 28mm thick acoustic floating floor system with a unique 'click' style joint is the only acoustic floor that ceramic tiles can be bonded directly to, so keeping the floor build-up to a minimum.

Cement based board bonded to a resilient layer of acoustic foam on the underside.

Dimensions & Weight

	Thickness	Dimensions	Weight
Collecta Screed Board	28mm	1200mm x 600mm	27kg/m ²

Acoustic Performance

	System Composition	Airborne Rw +Ctr	Impact Ln,w
